Time is a most important factor in this busy world.

Time regulates the products of this entire globe. It controls the action and habits of all life born of Mother Nature; it regulates the seeding and harvesting; it works in unison with the demands of Mother Nature and if her laws are unheeded, Father Time inflicts the punishment.

Time is the essence of all lagal documents and is also the essence of a question involving $2500.00 in gifts to be presented to some young ladies in Richmond, Saturday night, April 27th. The Record-Herald has set this date to reward a number of willing and worthy candidates with useful and costly gifts.

Time will decide the question of who. WHO will depend largely upon the action taken by the candidates while Father Time is counting off the intervening days, hours and minutes.

Time is inevitable, valuable, very valuable, particularly before April 13th when the biggest vote getting opportunity of this contest will come to an end, and a waste of this time by the candidates simply lengthens the distance between them and the prize of their choice.

Lose no time in subscribing or renewing your subscription to the Record-Herald and strengthen the voting power of your favorite candidate.

Candidates must lose none of this time between now and April 13th, for it may make for you, or cost you a beautiful prize. Great things can be accomplished before the close of this Special Gift Ballot.

What are you going to do with this time ? ? ?

QUARTERLY MEETING OF FIRST M. E. CHURCH

The Quarterly Conference of the First M. E church will take place Sunday at the church at 11 a. m. The pastor, Rev. J. C. Gillette, who has been sick and confined to his room for the past six weeks, is now able to be about again and hopes to preside at the meeting.

The Epworth League which has heretofore been holding its meetings in the evening at 6:00 will now convene at 6:45 while evening services which have taken place at 7:00 o'clock will not begin until 7:45.

ALL-STAR CAST ON ELCHO CLUB BILL SATURDAY

The three Reed Sisters, Helen, Grace, and Idabelle, Richmond's Child Wonders will be one of the headliners on the Elcho Club Social night program this coming Saturday night, April 6, with an all-star cast which includes Miss Evelyn Huerign from Berkeley, Roy Patterson, Donald McLennon, Miss Jewell O'Rourke, Miss Glorie Osborn, Miss Bessie Campbell, and the Elcho quartet assisted by Miss Glorie Osborn the queen of syncopation and ragtime.

This event promises to be one of the biggest events that has happened this year. The club rooms are decorated beautiful, and the club with its oriental fixtures looks like a Chinese mansion. After the entertainment, lunch will be served by those two well known cooks de luxe, Phil McDevitt and Chas. Drake, and dancing will follow after the supper, which will conclude the big evening.

TESTAMENTS FOR SOLDIERS

Khaki covered Testaments are presented free by the Y. M. C. A. to soldiers who will agree to read them.

PLANS UNDER WAY FOR THE BUILDING OF MANY HOMES

President C. E. Clark, of the Chamber of Commerce is going to get the house finding committee together some time next week for the purpose of adopting some plan looking toward the solution of the problem of supplying homes to the people who are knocking at our doors to become a part of the population of this city. The Chamber of Commerce has a committee of five members as direct representatives of that body to co-operate and work in conjunction with a like committee from the Richmond Industrial Commission, which was appointed by President Wall at the luncheon held in Jules' Cafe in San Francisco this week.

President Clark's plan is to have a dinner or luncheon for the members of the committee next week at some place to be announced later, when the plans will be all gone over and something definite determined upon.

BONZAGNI NOW IN WAR ZONE OF FRANCE

Manager Charles J. Crary, of the First National Bank of this city is in receipt of a letter from Louis Bonzagni, former cashier of that establishment and one time city treasurer of Richmond. Bonzagni is now a sergeant of aviation and is in France, where he has charge of food and clothing for his department.

Bonzagni, declares that he looks back on the time with longing when he was doing politics among the Italian residents of the county for Senator Owens and others and he handed out cigars with the usual prodigality of politician seeking to influence the votes of the people. He would like to have some of those cigars, even though they were for the most part of an inferior brand from our viewpoint.

He says he is strong and healthy and never was happier in his life than at the present time. He sends regards to all his Richmond and Contra Costa friends.

AID SOCIETY TO HOLD ITS MEETING

The Ladies Aid Society of the First Methodist church will hold its regular weekly meeting tomorrow afternoon in the church. All members of the Ladies Aid are requested to attend.

NATIVE SONS HAVE OPEN HOUSE FOR VISITORS FROM EAST BAY PARLORS

The Native Sons from Oakland, Piedmont, Berkeley and many of the other towns of the East Bay district came to Richmond last night, accompanied by the 32-piece band of the Piedmont Parlor, the occasion being the banquet tendered the Past Presidents' Association by Richmond Parlor, Native Sons of the Golden West. The Natives got together in the good old fashioned manner and they spent an enjoyable evening with the refreshments, speeches and conversation.

The reception committee from the local parlor met the visitors at Sixteenth street and they all marched down the street to the lodge room, accompanied by the strains of the band, where they were entertained in a royal manned by a committee of the local parlor composed of Attorney H. J. Wildgrube, Charles Swartout, J. L. Rihn and A. J. Summers.

Among the notable visitors present at the function last night were James F. Hoey, of Martinez, third-vice-president of the Grand Parlor; Grand Trustee W. P. Hayes, Senator Frank Carr of Oakland, Grand District Deputy J. J. Dignan, and Grand District Deputy J. White, both of Oakland.

Preparations are being made by the Native Sons all over the state for the Grand Parlor which takes place this year at Truckee, near Donner Lake. At that time, June 12th, the Donner monument, a fine shaft erected in commemoration of the Donner party which perished of starvation and cold at that point in the early days, will be dedicated.

The delegates from Richmond Parlor to the Truckee Grand Parlor session will be H. J. Wildgrube and A. J. Summers.

RECIPROCITY IN WAR WORK AMONG FRATERNITIES

Red Cross is of vital importance at this time; all are agreed upon that. And it is of vital importance for each community to take advantage of every possible means to raise funds for the carrying on of Red Cross work. Here in Richmond the plan adopted by the finance committee of the chapter is that each organization in the city, lodge, club, school or church will be expected to raise whatever money it can in whatever way it chooses to aid Red Cross work here and abroad. Some of the lodges have already contributed generously and others are preparing to do so. For Friday night of this week the Knights of Pythias have prepared an elaborate entertainment including various kinds of amusements. They have put into it a great deal of time and thought and now they are asking the people of Richmond to do the rest.

The amount of money raised for Red Cross at this entertainment depends upon how well the people of Richmond patronize it. We need to get the spirit of boosting each others' efforts. If each organization in the city will say to every other organization "We go to your party and you come to our," we shall developed a fine spirit of reciprocity and fellowship and incidentally we shall have contributed to that greatest of all organizations, the Red Cross.

CONGRESS WILL PUNISH SABOTAGE UNDER NEW LAW

WASHINGTON, April 4. — Conferees of the Senate and House today agreed on a bill providing severe penalties for destruction of war materials and for sabotage.

Penalties of thirty years' imprisonment and $10,000 fine are provided in the bill, which was greatly broadened in scope both by the House and the conferees, for acts which actually, or are intended, or which "there is reason to believe" are intended to injure or destroy war material and utilities. The latter include arms, munitions, livestock, clothing, food, supplies, railroads, electric lines, canals, engines, machines, vehicles, vessels, dams, reservoirs, aqueducts, water and gas pipes, structures, electric, wireless, telegraph and telephone plants, and "all other articles intended to be used by the United States or any associate nation in connection with the conduct of the war."

The legislation also penalizes willful manufacture of defective war materials, including their ingredients.

A special clause provides that employes shall not be prohibited from agreeing to stop work when for the bona fide purpose of obtaining better wages or conditions of employment, but otherwise penalizes acts interfering with production of war supplies.

NEW TIME CARD IS EFFECTIVE ON SATURDAY

As has been announced by the Record-Herald, the Richmond-San Rafael ferry will begin operating under its summer schedule Saturday morning and will continue thereunder until further notice. The ferry is now doing a heavy business and the change at this time is brought about by reason of the fact that the public demands earlier and later boats, particularly on Sundays and holidays. Here is the time card as presented to the patrons of the company by Manager Mose Moch:

COLLAPSE OF DAM MAY BE CAUSE OF BIG WATER SHORTAGE

BERKELEY, April 4.—Oakland, Richmond, Beerkeley and the cities of the east bay region may face the most serious water shortage in history, according to a warning sounded before members of the Public Ownership League in Chabot Hall last night by Chris Runckel, secretary of the Berkeley City Club.

The long dry season, the increased population and need for more water, and the breaking of the Calaveras dam last Sunday, which has been regarded as a possible auxiliary source of supply for emergency needs, he said, have given the situation a very serious aspect.

Warning that the problem of developing water supplies is one which will demand the keenest wits of the foremost water engineers, Runckel said that left to private corporations, Oakland and the cities of this county cannot be sure of a water supply which will provide for a period longer that 1932, while some eminent engineers have figured that there is only a possible source of supply until 1926 or 1930.

Cities of the bay region are spending hundreds of thousands of dollars annually to pay engineeers and attorneys to ward off the aggressions of public service corporations which should be owned by the people.

The Calaveras dam, he pointed out, was one of 16 similar dams, six of which have collapsed. It represented the expenditure of a million dollars, and will require the expenditure of another million before the debris can be cleared away and the site put in shape for another.

KAISER BILL IS WORRIED OVER DELAY IN TAKING AMIENS

WASHINGTON, March 4—While the Anglo-French forces are holding the Germans in Picardy, General Foch is reported in dispatches received here today to be preparing to strike, probably at another point of the line. All along the western front the big guns of the contending forces are reported in use. This bombardment presages another effort to break through by the Germans, it is believed by army officers here, but there is no apprehension as to the result. Rather the interest here is in what the allied forces will do now that they are under the supreme direction of one man.

PARIS, April 4.—Heavy artillery fighting occurred last night on the front north of Montdidier, the war office announces. In raids in Champagne and on the Verdun front the French took prisoners and also captured two machine guns.

CONFISCATING GERMAN WHEAT

The United States Food Administration announces that it has authorized the seizure of large stores of wheat held in New Mexico by men of German extraction. They have consistently refused to sell at the ruling price, which was fixed by the Government, and have given no satisfactory explanation of their action, although they have been urged to release it in order that the United States may maintain its program of exportation. An estimated report placed the production of these two men—brothers trading as farmers and storekeepers under the name of Kempenich Brothers—at about 100,000 pounds. In addition to this, the Federal Food Administrator for New Mexico reported, they had purchased about 250,000 pounds, which they also refused to release from storage.

The Food Administration has taken the position that by withhlding this wheat from the trade, Kempenich Brothers are guilty of giving aid and comfort to the enemy. On this ground it has authorized the New Mexican Administrator to seize the entire supply and place it in circulation.

Reports on several similar cases have been received, but no definite action has been taken except in this one instance. The Food Adminisration has announced, however, that where investigation shows unpatriotic intent the wheat will be seized. Allowances will be made for what is needed for seeding purposes and personal use.

MEAT PACKERS ARE LOSING MONEY

We do not wish to see young Mr. Morris, who at the the age of 26 drew a salary of $75,000 last year in addition to splitting several millions with other stockholders, end his days in poverty. Indeed, we have no grudge against anybody who is "in good," and are not of the faction who believe wealth honestly acquired is a suspicious circumstance, reflecting upon the integrity of the man with a bankroll. But we hope some other way than that suggested by the packers will be devised by which they may be saved from disaster. They request the Government to abolish meatless days on the ground that is will increase the supply of beef, pork, mutton and young Spring lamb thus depressing prices and cutting down profits.

Our opinion, is a mistaken one, perhaps, was that meatless days were established for this very purpose—to increase the supply and lower the cost. There has been no little complaint by consumers who have had to make one chuck serve where a porterhouse performed its alimentary office aforetime, and the prospect of a larger and more grateful eld offi masticatory operations was most gratifying. We misdoubt enthusiasm on the part of the ordinary person over the proposal tha he remain on short commons for the purpse of leaving the packers in the enjoyment of superfluity of long green.

However, they are about to the end of their period of perplexity, if the government puts into effect its announced program of taking over the meat packing establishments of the United States. And this may save them a great deal of money and give them the long sought peace of mind, which after all is better than wealth.

DON'T BE AFRAID TO BUY BONDS

Germany's total indebtedness is $31,000,000,000 which means that each one of her 68,000,000 inhabitants, men and women and children, will be in debt $456. Here in America, with a population of 110,000,000 our total indebtedness, is only 6,000,000,000 or a per capita indebtedness of only one eighth that of the German citizen, a matter of $57 each. We can run our Liberty Bond flotations up to $50,000,000,000 before each one of us owes as much as each German across the Rhine.

In other words, we can run this war at our present rate of expeditures for eight years before we are as bad off as the Germans are today. Don't be frightened at the money we are spending. We are not "breaking" ourselves. We are spending very little of our National wealth. Buy Bonds. If this war lasts for eight years Germany will be so badly "broke" it can never be put together again.

Julius Caesar, in his famous Commentaries, wrote of the Hun of the old days in much the same strain that chroniclers of today write. History merely repeats itself. Caesar tells in one chapter of the Commentaries of how the Huns swept across the Rhine and laid waste a tract of fair land several miles in extent, and he remarks upon the wantonness and thoroughness of the destruction which was unusual even in those barbarous times. Caesar also speaks of Hun dishonor and deceit and trickery, which were the same then as now. A Hunnish chieftain arranged a truce with the great Roman consul and at that meeting sought to kill or capture him, but Caesar was suspicious and brought a guard of his famous Tenth legion, which saved him. These writings of Hunnish traits of more than two thousand years ago might well apply today, word for word and deed for deed. History only repeats itself.

Stomach Trouble Cured

Oakland, Oct. 2, '17
My stomach was my master for many years. I was a clerk in the offices of the lumber department of the S. P. Co., and after every meal I had an annoying, grating sensation, together with an empty feeling in my stomach. Through lack of nourishment my health was broken and I was in a hospital for several weeks. The doctors first cleaned me out with a stomach pump. Then they treated me for ulcers, and finally, as I did not improve, they observed my digestion through an X-ray. Concluding that they could do nothing for me they sent me home with the suggestion of an operation.
Then a fellow employee who had received a great benefit by drinking the FONG WAN CHINESE HERBS suggested that I try them. The first cup of tea brought me genuine relief, and after a few weeks I was entirely cured. I am back in the office and will be glad to give my personal testimony to any desiring it.

BIG BENEFIT FOR RED CROSS BY K. OF P. LODGE

The Pythian Knight admonish all—and that means you, dear reader—to attend the great bazaar of patriotism and mirth at their Castle Hall tomorrow evening. The event is to be a benefit for the Richmond Red Cross Chapter and you are all interested in making it a great success.

Among the many attractions which are going to be featured by the committee in charge of the affair will be the country store, auction, dancing, whist, refreshments and the Hall of Infamy. In this hall you will see yourself as other see you. The first appearance in this country of many masterpieces at which you will gaze may be mentioned the following: "Wild Animals I Have Known," "Richmond in the Future," "The Truth About the Municipal Tunnel," "Show 'Em to Us," "Tammany Hall," "The Ruler of the Herd," "September Morn," and a great many others which space forbids mentioning at this time.

MISS NICHOLS WILL SPEAK AT LOCAL CHURCH

Miss Dorothy Nichols of Chicago will speak at the Calvary Baptist church on Tenth street, Sunday morning at 11 A. M. Miss Nichols has been converted from Roman Catholicism and will relate the story of her life in the Houses of the Good Shepherd and also her conversion to Christianity.

Miss Nichols has spoken in large churches all over the country and is pronounced a remarkable speaker. The public is urged to attend and hear this lecture.

Mrs. P. S. Pena, who has been visiting friends at Davis, for the past few days, has returned home. The lady is greatly improved in health.

You might be a "good gun" all right, Mr. Advertiser but, do you "shoot straight"? The Record-Herald Ad columns will steady your aim.

Mrs. W. B. Graham and Mrs. Bertha Fox, mother and sister of Mrs. David Hopkins, are guests at that lady's home from Ely, Nevada.

MOVIES OF WAR AT THE T. & D. PLAYHOUSE TONIGHT

Tonight is the last chance for those who have not seen the Italian war pictures to see the third episode at the Richmond Theater, which has the exclusive showing privileges for this city. The pictures have excited the wonder of the public in their showing of scenes never before photographed.

Stories of slackers and heroes and stay-at-homes as well as of soldiers have been rife on the screen recently, but it has remained for Judge Willis Brown of the Chicago Juvenile Court and Jack Pickford to write and act in respectively, a photoplay dealing with "The Spirit of '17," in which Jack Pickford is starring in the same program, veterans of the Cival and Spanish American wars play a prominent part. The splendid cast which supports Mr. Pickford includes Katherine McDonald, Edythe Chapman, Helen Eddy, J. W. Johnson, and L. N. Wells, as well as the work of Mr. William D. Taylor, the director, deserves special commendation.

CLASS ADOPTION BY THE POCAHONTAS LODGE

Tecumseh Tribe came to town last night to put on class adoption work for the Pocahontas lodge of this city. There was a large crowd of palefaces initiated into the mysteries of the order.

One of the coming events which is looked forward to by the Red Men and Degree of Pocahontas in this city is a carnival which is to be pulled off here some time in May for the benefit of the two lodges. A committee headed by Mrs. Ripley is at work making preparations for the great event.

IF BACKACKY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has long been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble. —Adv.

FOCH PLANS BIG OFFENSIVE AGAINST HUN

(Continued from page One)

LONDON, April 4.—There has been no break in the lull on the British section of the great Picardy battle line.

The British war office, in its announcement today, reported only artillery activity at some point at the west Flanders front.

The big guns were active in the Menin road and Passchendaele sectors, but there was no infantry activity of any importance.

There is no change in the general situation and it is daily becoming more evident that the eGrcoming more evident that the Gerchecked.

Despite the stormy weather allied airmen continue extremely active all along the 90 mile front. Many German aeroplanes are being shot down daily, while observations are being carried out in all the sectors back of the German front.

The airmen report German troop movements which indicate that another effort against the defenses of Amiens is in prospect, but the allied commanders are supremely confident that it will be shattered.

KAISER IS WORRIED.

Advices from Amsterdam say that the kaiser is worried over the situation, and the inability of the German armies to gain any ground—in the face of heavy losses they have suffered—is having a grave effect on the morale of the German soldiers.

A considerable force of German troops has been massed along the southern edge of their salient and the next big German effort evidently will be made against the Paris-Amiens-Calais railroad.

The Germans are gradually getting their big guns into place along the line of the Picardy battle, but their progress is not nearly so rapid as had been expected, and they are therefore having to rely to a remarkable extent on machine gun fire, according to reports from British headquarters.

AMENDMENT TO CONSTITUTION IS PROPOSED

An address on the subject of taxing industrial corporations was delivered before the directors of the Richmond Chamber of Commerce yesterday afternoon by Secretary Brooks of the Oakland Manufacturers Association. He is an advocate of fostering manufacturing industries in every manner possible and his theory that if capital can be induced to engage in canufacturing in this state, it should be absolved from bearing the burden of state, county and municipal government for a number of years or until it shall have been firmly established.

With that object in view, the Manufacturers Association of Oakland is going to cause to be introduced into the next legislature an amendment to the state constitution looking toward the collecting of taxes only on incomes of such institutions.

A committee composed of E. J. Darrard, C. G. Bacon and J. A. Long was appointed to investigate the proposition.

The following were present at the meeeting: President Clark, C. G. Bacon, W. L. Ballenger, W. F. Downing, J. A. Long, E. J. Garrard, W. F. La Moine and A. B. Heald and Secretary Ar...

STIFF SENTENCE HANDED OUT TO DRAFT EVADER

MARTINEZ, April 4.—Jean Louis Napoleon Boellel a floater who drifted into Martinez a few days ago admitted to Draft Board No. 1 of this county today that he is a draft deserter from Massachusetts, a pro-German and he hoped this sessed to pay a fine in addition or for taking part in the war. He also said "Damn the draft board and damn the United States government."

Whereat, Chief Clerk C. D. Horner, of the aforementioned draft board, District Attorney T. D. Johnston and the members of the draft board began rubbing their eyes and sat up straight. Ways and means were discussed to handle this man who admitted himself to be a draft deserter and an enemy alien. Clearly he was a dangerous citizen and they did not want to see him interned for the reason that it would be too soft for him. He needed something more drastic, so Horner suggested that he be arrested for disturbing the peace of the district board room.

Horner swore to a complaint in the justice's court for Boellel's arrest and upon being taken before that official he was sentenced to jail for a term of 90 days and assessed to pay a fine in addition of $200. Of course Boellel told the court he could not pay the fine, so the court told him he could stay ... a day for every dollar of such fine, which means a jail sentence of 290 days.

Sheriff Veale who will be Boellel's custodian for the next few months is going to start a woodyard and his latest prisoner will be the chief operator of a new buck-saw. That German is going to earn his board and lodging.

A Word With Women

VALUABLE ADVICE FOR RICHMOND READERS

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed at home—Read this Richmond woman's convincing statement:

Mrs. J. L. Miller, 420 Fifth St., says: "I suffered from lame back and other symptoms of kidney trouble. I had a steady dull pain in the small of my back, which bothered me mostly when I was doing my sweeping. I had a tired, drowsy feeling and became exhausted easily. I got two boxes of Doan's Kidney Pills at the Richmond Pharmacy, and they proved satisfactory in every way."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—ask for Doan's Kidney Pills—the same that Mrs. Miller had. Foster Milburn Co., Mfgrs., Buffalo, N. Y.—Adv.

RUSSIAN SHIPS REQUISITIONED BY GOVERNMENT FOR CARRYING ARMY SUPPLIES

HIGHER PRICES FOR POTATOES IS PREDICTED

In view of the present surplus of potatoes in the market, many short-sighted farmers have refrained from planting any this spring. Wherefore a limited crop and stiff prices are being predicted for next year.

That distinguished agriculturist, George Shima, known as the "Potato King,' however, forseeing a shortage of cereals and other factors indicative of a huge demand and high prices for the tubers, has put in hundreds of additional acres and probably "make a killing."

The Food Administration announced yesterday that unless there is a greater consumption of potatoes locally within the next sixty days than there has been lately, hundreds of bushels will go to rot. Potatoes should be used on every table in California, not only as a means of using up the present surplus, but also to stimulate the immediate planting of every available acre.

MONTHLY MEET OF CHAMBER IS POSTPONED

At the meeting of the directors of the Chamber of Commerce yesterday it was determined to postpone the monthly meeting of the Chamber which was to be held tomorrow evening to Friday, April 12th.

This action was taken on account of the Pythian Red Cross benefit, which is to take place on tomorrow evening. The members of the Chamber of Commerce are all greatly interested in the success of the Pythian benefit and they are not going to stage any counter attraction for that night, if they know it.

Proceeds from the sale of the hide, fat, and other by-products covered all expense of dressing, refrigeration, freight, selling expense and the profit of $1.29 per steer as shown by Swift & Company's 1917 figures as follows:

Average price paid for live cattle per steer	$84.45
Average price received for meat	68.97
Average price received for by-products	24.09
Total received	93.06
This leaves for expenses and profit	8.61
Of which the profit per steer was	1.29
